

Abacus Nursery - Immunisation

At Abacus Nursery we expect that children are vaccinated in accordance with the government's health policy and their age. This information is collected as part of our 'New Child' paperwork and logged on each child's Wellbeing sheet. In this way we are aware of any children who have not been vaccinated within the nursery in accordance with their age. Parents are asked to keep us updated with further vaccinations during their time with us this is then added to their Wellbeing sheet.

Due to the risk of reaction to a vaccination Children are not allowed to return/attend on the day the vaccination takes place .

Our nursery does not discriminate against children who have not received their immunisations and will not disclose individual details to other parents. The notice board in the porch keeps all parents up-to-date with any illnesses/infections that have been presented in the nursery.
